Leland Andrews Taken Ill—Cutting Lumber for Masonic Building to be Built at Buckfield.

Leland Andrews recently made a trip to Bowdoinham to visit Mr. Kendall's sheep ranch, on his way home he spent one night with Dr. Andrews and family at Brunswick, came to Buckfield on his return with the intention of going up to the farm to make preparations to get in his fire, but was taken sick with the prevailing epidemic and has been confined in bed for several days but is able to be about the house at this writing.

Lawrence Andrews spent the week end in Buckfield with his wife and family. The worst blizzard of the season, January 16.

The writer wishes to thank the Editor, after a rather late, for the remembrance at Christmas.

Some of the fellows, who belong to the Masonic Order have been cutting lumber to be used in the building of the new Masonic Building which is to be erected in Buckfield village in the near future. The building will be in the near future. Many are feeling better at this writing. Many from this section are ailing with the prevailing epidemic.

NOBLE'S CORNER

Mrs. Percy Upton Entertained Club

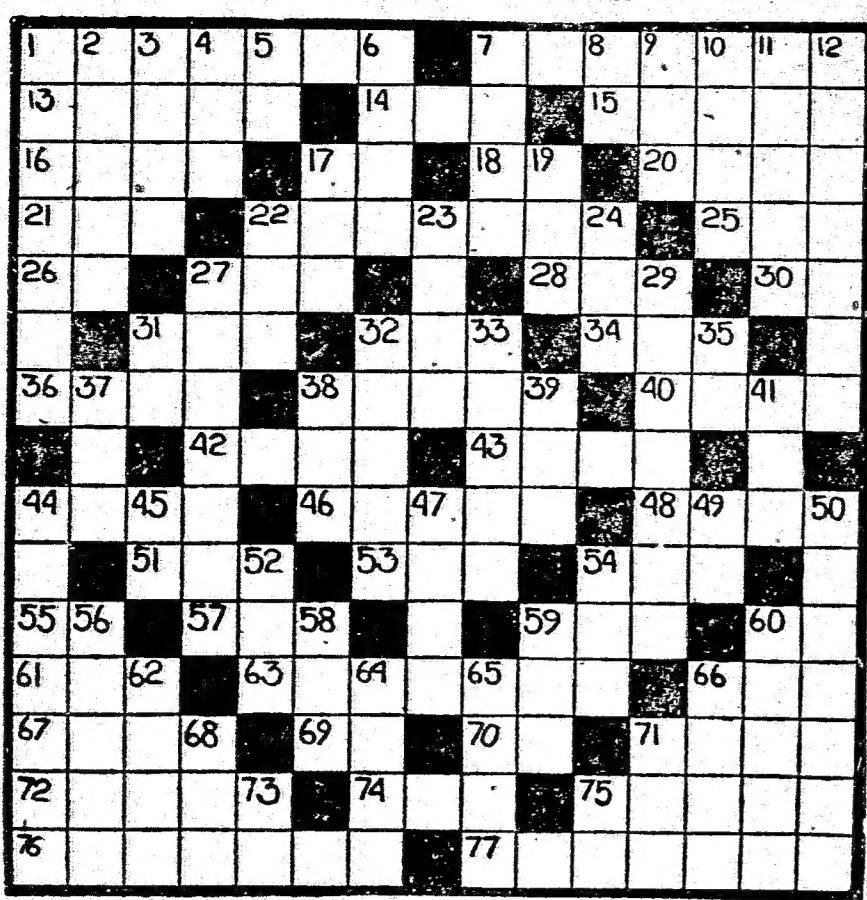

The members of the Neighborhood Club were entertained by Mrs. Percy Upton, this week, a very good attendance was there, regardless of the horrid traveling. There was devoted to needlework and sociality. Covers were laid for seven and everyone did ample justice to oyster stew, tea and ginger cookies. Those present were Mrs. Oscar Cox, Mrs. Willard Whitting, Mrs. Irving Symonds, Mrs. Wayland Upton, Mrs. Gray Curtis, Miss Maud Bennett, and hostess, Mrs. Upton. Next week the members will meet with Mrs. Wayland Upton.

Dr. L. P. Symonds was called to Ervin Brown's, recently, to attend a sick horse.

Merton Wymann, Harold Wymann and Laurence Brown are teaming for H. B. Wright.

An ounce of discretion is worth a pound of alibi.

STONE'S
NO WONDER STONE'S ICE CREAM IS SO POPULAR

You sit down to a dishful of Stone's Ice Cream. The very first spoonful is a delight to your taste. As you go on eating, you decide that you never enjoyed such smooth, richly flavored, delicious cream and just as long as there is any in your dish your appetite is eager for it. That's why Stone's Ice Cream is considered so "different"—it always tastes the best. It's frozen just right and served just right. It gives health and vigor—and should be eaten every day at the fountain or in your home.

Physician Called to Sumner in the Storm
—Parent-Teacher Meeting—Much Sickness in Town.

Last Sunday, Jan. 16, will go on record as a stormy winter day as has not been since 1923. The snow was in the air and the snow was in the air and the snow was in the air.

The Universalist church was next to none. The Federated church was next to none. The Federated church was next to none.

Of course the physician has no respite on such days, in fact, it always seems that his calls will be more urgent and from farthest distances and so it was with our physician, on last Sunday. Dr. Edwin Kay was called to go to Sumner. He started out before 10 o'clock.

Wintering in Dover

Mr. and Mrs. C. F. Herriek keep in touch with home folks through the Advertiser.
Just a word from Mr. and Mrs. Chas. F. Herriek, who are spending the winter months with Mr. and Mrs. Frank B. Herriek of Dover, N. H. Mr. Herriek is known in Norway as the Strawberry King and supplies Norway's leading markets with the finest of berries and early vegetables during the summer months.
Mr. Herriek considers his old home town of Norway as the ideal spot of the world, and he keeps in constant touch with all weekly happenings through the Advertiser, which arrives regularly, also he receives many letters from friends. As he is so busy these days, he wishes to take this opportunity of getting in touch with his many Norway friends also comparing the activities of the outside world with his old home town. Mr. and Mrs. Herriek are frequent visitors at Haverhill, Lawrence and Boston, Mass., where they have attended many popular events in both social and business welfare.
Although many miles from home, they occasionally meet friends from Norway. Ralph Andrews, former clerk at Jackson Greenleaf's has permanently established himself in Dover, also Dr. P. E. Drake is in Portsmouth, the adjoining city to Dover, and the Herrieks feel quite proud that Norway is so well represented in this vicinity.
"We often get some snappy items about Norway in the Boston papers, but we anxiously await the arrival of the Advertiser for the real news from home," remarked Mr. Herriek. Mr. Herriek regularly attends all the popular clubs, enjoying the many events as they arrive, while Mrs. Herriek is popular with the social affairs in and about Dover. The Herrieks are always glad to hear from their many friends at home and they will return in the spring, as soon as activities can be resumed at their farm at North Norway.

SOUTH ALBANY

Coon Catches Libby's Hens—Snow Breaks on Roof—Writer for the Advertiser, Forty Years.

Saturday night, Harold Canwell and Ivan Kimball went after Jimmie Porcupine and had the good luck to secure one. Several others were located to be attended to later.

Merton Kimball and Clyde Millett of South Waterford visited at Merritt Sawin's last week, Sunday, Jan. 15.

W. E. Canwell, Harold, Edith and Beatrice Canwell called there the same day. Della Libby was a caller there that day.

Something which seems like a day, entered Gardner Libby's henhouse one night, recently, and killed two hens. Some braan sacks were fastened over a small window and were torn away to give the marauder entrance. The hens were on a roost which was some feet above the floor, but Ray Coon was capable of the climb that brought him up to Mrs. Bidie. He was satisfied to take one and eat all, but must have both to get the choice bits he wanted most.

Ernest Brown killed a very nice pig last Friday, Merritt Sawin helped him. Mr. and Mrs. Ezra Lebrake spent last Wednesday, Jan. 12, with her son, Ernest Grover, and family, at North Waterford, as it was Mrs. Grover's birthday.

Rev. Mr. Ball and Rev. Mr. Wentworth of North Waterford were calling among the people in this neighborhood recently.

Part of the roof of Mrs. Rose Eames' barn fell in during the recent rain storm. Some snow was on the roof at the time and rain made the load heavier than the roof could stand.

Saturday and Sunday gave us the worst storm for the season, a heavy snow storm with high winds made things lively. Don Brown braved the storm and drifts and, with his steers and sled, was out calling on the neighbors.

Mrs. Ernest Brown has received word from her niece, Mrs. Frank Pike, who is at St. Mary's Hospital, at Lewiston, for surgery. She is doing well, after an operation for appendicitis.

We are wondering if all Editors are as thoughtful of their correspondents as our Advertiser Editor. It seems that it was quite a task to remember us all with such a good word of "Christmas cheer." We have had nearly forty years of unbroken correspondence with the Advertiser and have always found him kind and generous to all our mistakes. May it be many and many a year before he gives up his editor's chair.

Watch Elimination!

Good Health Depends Upon Good Elimination.

RETENTION of bodily waste in the blood is called a "toxic condition." This often gives rise to a dull, languid feeling and, sometimes, toxic backaches and headaches. That the kidneys are not functioning properly is often shown by burning or scanty passage of secretions. Thousands have learned to assist their kidneys by drinking plenty of pure water and the occasional use of a stimulant diuretic. 50,000 users give Doan's signed endorsement. Ask your neighbor!
